The UNLV Jean Nidetch Women’s Center is a resource center that strives to be responsive to and for our community. We have learned that the people who walk through our doors often bring with them a unique set of life journeys which in turn create a host of different referrals. Our motto has always been to “support, motivate, educate, and empower.” This Community Wellness Directory provides a powerful tool in addressing our mission.

As a result of having an intern from the School of Social work in 2006, the first draft of this hands-on referral tool was created.

This directory has since been updated and checked for accuracy. It has been categorized in a manner that we hope will be easily identifiable and accessible.

This brochure is not intended to serve as a substitute for professional help. It is intended to be a reference guide to the many community resources that exist within Southern Nevada.

If you would like additional copies of the Community Wellness Directory, you may download it from our web site. Should you have comments or would like further information; you can contact us at <http://womenscenter.unlv.edu> or call us at (702)895-4475.
